

Welcome Message

Steven Rosen, MD

**Genevieve E. Teuton Professor of Medicine and
Director of the Robert H. Lurie Comprehensive
Cancer Center of Northwestern University**

It is my pleasure to welcome you to Northwestern and to thank our partners, Prostate Net and the Apollo Institute, Virgil in particular for all of your efforts on behalf of our patients and their families. We are proud of our remarkable team in prostate cancer here at Northwestern, and we collaborate with the University of Chicago and NorthShore University. It is our privilege to serve you.

Opening Comments

Chung Lee, PhD

**Professor Emeritus, Department of Urology
Feinberg School of Medicine
Northwestern University**

Today we are going to tell you everything you want to know about prostate cancer. I want to take this opportunity to thank Prostate Net, the Apollo Institute, and the Robert H. Lurie Comprehensive Cancer Center here at Northwestern University. Our speakers are drawn from Northwestern University, the University of Chicago and NorthShore University Health System, and you will be delighted to know that all of our speakers are world-renowned physicians and researchers.
